1. **Background to this Deed**

A. CW Retail Services Pty Ltd is the franchisor to the franchise network of retail pharmacy businesses trading under the Chemist Warehouse name (Chemist Warehouse). There are over 350 individual stores and over 6,000 staff employed throughout the franchise network.

B. Chemist Warehouse operates under a franchising arrangement with every individual business.

C. In 2015, the FWO commenced an audit into Chemist Warehouse as part of the FWO's National Compliance Monitoring Campaign.

D. A random sample of 20 Chemist Warehouse stores was selected for audit and Chemist Warehouse supplied time and wage records. Prima facie audit sampling of the records showed all stores were found to be fully compliant with the provisions of the Pharmacy Industry Award 2010.

E. As part of the audit process, a number of employees were contacted at random to seek confirmation of the evidence provided. Those employees provided corroboration of the integrity of the records provided however, they raised concerns over non-payment of wages for compulsory online training undertaken outside of work hours.

F. The non-payment of wages for compulsory online training was raised with Chemist Warehouse who were requested to undertake a further review of the issue. Chemist Warehouse conceded that there was potential for non-payment of training time to have erroneously occurred within individual businesses across the group, despite instructions from Chemist Warehouse advising the online training should be paid for and conducted during work time.

G. In response, Chemist Warehouse elected to do a full review of all online training log-in times for all employees across all stores so as to identify and quantify any actual or potentially unpaid training time. On completion of review, 294 stores operating under the Chemist Warehouse brand initiated back payment to 5,976 employees totalling $3,569,212.10 gross.

H. Chemist Warehouse and their franchisees rectified the full quantum of the underpayment and verified that all monies have been repaid to employees. Individual stores bore the cost of the repayments. Each affected employee received either a letter or email outlining their individual repayments and contact details for any queries relating to the payment.

I. To show its commitment to compliance and to encourage fair, harmonious and productive workplaces, both the FWO and Chemist Warehouse have agreed to enter into a compliance partnership.

J. The partnership formalised in this Deed will place obligations on both parties and is designed to bring benefits to the FWO, Chemist Warehouse and their employees. Both parties are committed to the success of this partnership and look forward to using it as an example of cooperative engagement to promote compliance.

K. The FWO will provide assistance to Chemist Warehouse where appropriate and Chemist Warehouse will introduce or maintain, and enhance where appropriate, a number of
proactive measures to promote and ensure compliance and promote productive workplaces.

L. Both parties have agreed to enter into this Deed as a proactive compliance partnership opportunity and to confirm Chemist Warehouse's commitment to implement sustainable compliance measures.

The parties agree as follows:
