Calculating pay rates

To calculate an employee's pay rate that applied before 1 July 2014 you can use our [PayCheck Plus](http://paycheck.fwo.gov.au/PayCheckPlus.aspx?redirect=no)  (<http://paycheck.fwo.gov.au/PayCheckPlus.aspx?redirect=no>) tool.

PayCheck Plus calculates pay rates that applied when modern awards were being phased in. When modern awards were introduced in 2010 most had '[transitional arrangements](http://www.fairwork.gov.au/About-us/Legislation/The-Fair-Work-system/australias-industrial-relations-timeline)' that gave employers and employees time to adjust to the changes. New pay rates in modern awards were phased in over 4 years and modern award rates started to apply in full from 1 July 2014. You can use PayCheck Plus to calculate pay rates for most modern awards between 1 July 2010 and 1 July 2014.

If you need pay rates from before 1 July 2014 and your award isn't covered in PayCheck Plus, [contact us](http://www.fairwork.gov.au/contact-us/default) (www.fairwork.gov.au/contact-us/default).
